243 Every-
where around the earthen plaza there are corn
251 drying racks set upright on tall piles. They looked very high and impressive.

126 I took a good photo of an old man before the peo of Masu.

342 Then we went to the kampong of the kepala
764 mere at Brova. His house was a good stucco one
769 though in native style. A large cement covered
346 tomb of his father was in front, and beside it were two great slabs set upright. In the center of the plaza was a finely carved peo with shelleyes. It was set in cement.

132 From here we went back to Badjawa, and thence
124 to Ende, going all of the way in rain. However, when we reached Nangba, eight kilometers from Ende, the river was in a wild flood because of two days rain in the mountains. Therefore we had to stay overnight at the house of a former kapitan of Rukuramba. His younger brother is
[181] the present scribe. The former kapitan has the oily and cringing manner of the Endenese. He
144 is a rather old and handsome man. Here I see the Negroid element beginning. (The Radja of Nageh-Keo is a proto-Malay, but with dark skin.)

632 The kapitan gave us the usual "line" about
648 how the United States is so rich that it must
634 help Indonesia. I am getting tired of this.
578 He also was very troubled about how he was de-
771 posed by the Radja for the Mohammedan kapitan. He constantly brings up the case with the government, but he says that the Mohammedan Radja and his cronies are taking everything. There is only one Christian kapitan left in Ende (Rewaranga). He said the great majority of gemeente Rukuramba are Christian, and when he was removed from office there were nearly no Mohammedans.
634 However, the Radja and his group are now moving
166 Mohammedan settlers in and giving them land.
361 There are more than four hundred here now. And now they are asking the Christians to move up
